## PRESS ANNOUNCEMENT – FOR IMMEDIATE RELEASE

---

**Construction Rocks in 2010**  
**Fast becoming THE event of the Construction Industry Music Calendar,**  
**Construction Rocks prepares for its third consecutive year.**

WSP, BAA and Argent have again joined forces to organise *Construction Rocks* – the battle of the Construction Industry bands.

The event will be held on Thursday 4<sup>th</sup> November at Argent's German Gymnasium on King's Cross Central's development site, and is open to all construction industry company in-house rock bands.

"Construction Rocks is a lot of fun and can get very competitive, but there is also a serious side, last year we raised £5,200 for Great Ormond St Hospital, Sports Aid, Help the Aged and Maggie's Fund" says Bill Price, Director at WSP, whose Wild Sex Party band lost their title to Arup's band, the Ovatones, last year.

"Previous events in 2008 and 2009 were completely sold out and we have already received a lot of interest from previous competitors eager to claim the crown of 'Best Band 2010'."

Roger Madelin, Joint Chief Executive of Argent, has donated the venue; Nigel Fraser, at BAA, will be providing the lead on sound; Peter Ball at BRE will be managing the stage, Paul Nicholson of Lend Lease on lighting and WSP the event management.

**Notes to Editors:**

*Construction Rocks 2010 is supported by Argent, BAA, Lend Lease, & WSP. It is aimed at bringing the industry together over some good natured competition, while raising some serious money for nominated charities.*
